

Amendments to the Claims

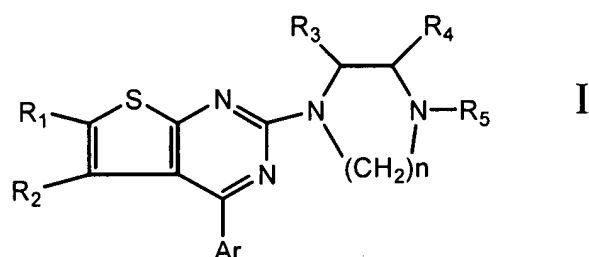

Please amend Claims 1, 3 and 16.

Please cancel Claims 2, 4-6, 17-20 and 22-70.

The Claim Listing below will replace all prior versions of the claims in the application:

Claim Listing

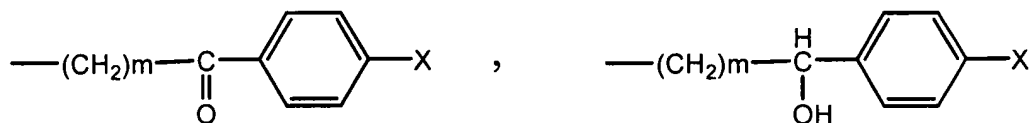

1. (Currently Amended) A method of treating nausea, vomiting, retching or any combination thereof in a subject in need thereof, wherein the nausea, vomiting, retching or any combination thereof is caused by an anesthetic, radiation, a cancer chemotherapeutic agent, a toxic agent, an odor, a medicine, pregnancy, motion, a condition which is associated with vertigo, headache or a malady of the gastrointestinal (GI) tract, comprising administering to said subject a therapeutically effective amount of a compound of Formula I:

wherein, R₁ and R₂ independently represent hydrogen, halogen or a C₁-C₆ alkyl group; or R₁ and R₂ together with the carbon atom to which they are attached form a cycloalkylene group having 5 to 6 carbon atoms;

R₃ and R₄ independently represent hydrogen or a C₁-C₆ alkyl group;

R₅ is hydrogen, C₁-C₆ alkyl,

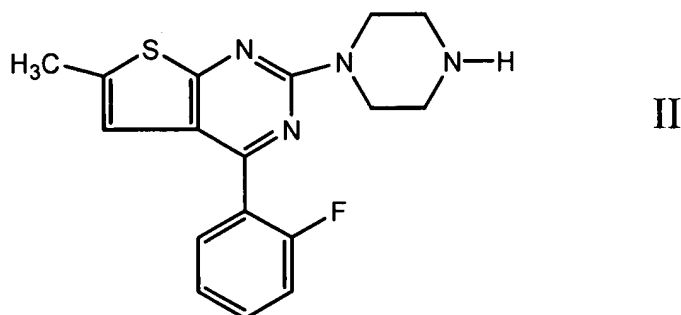

or -C(O)-NH-R₆

wherein m is an integer from about 1 to about 3, X is halogen and R₆ is a C₁-C₆ alkyl group; and

Ar is a substituted or unsubstituted phenyl, 2-thienyl or 3-thienyl group; and n is 2 or 3; or a pharmaceutically acceptable salt thereof.

2. (Canceled).
3. (Currently Amended) The method of ~~Claim 2~~ Claim 1, wherein the medicine is selected from the group consisting of an analgesic, an antibiotic, an antifungal or a serotonin reuptake inhibitor.
- 4.-6. (Canceled).
7. (Original) The method of Claim 1, wherein the subject is a human.
8. (Original) The method of Claim 1, wherein for the compound of Formula I, R₁ is a C₁-C₆ alkyl group and Ar is a substituted phenyl.
9. (Original) The method of Claim 8, wherein the substituted phenyl group is substituted with a halogen.
10. (Original) The method of Claim 1, wherein for the compound of Formula I, n is 2, R₁ is a C₁-C₆ alkyl group and Ar is a substituted phenyl.
11. (Original) The method of Claim 10, wherein the substituted phenyl group is substituted with a halogen and R₁ is a methyl group.
12. (Original) The method of Claim 1, wherein for the compound of Formula I, R₁ is a C₁-C₆ alkyl group or a halogen and Ar is an unsubstituted phenyl.
13. (Original) The method of Claim 12, wherein R₂ is hydrogen or a C₁-C₆ alkyl group.

14. (Original) The method of Claim 1, wherein for the compound of Formula I, n is 2, R₁ is a C₁-C₆ alkyl group and Ar is an unsubstituted phenyl.
15. (Original) The method of Claim 14, wherein R₂ is hydrogen or a C₁-C₆ alkyl group.
16. (Currently Amended) A method of treating nausea, vomiting, retching or any combination thereof in a subject in need thereof, wherein the nausea, vomiting, retching or any combination thereof is caused by an anesthetic, radiation, a cancer chemotherapeutic agent, a toxic agent, an odor, a medicine, pregnancy, motion, a condition which is associated with vertigo, headache or a malady of the gastrointestinal (GI) tract, comprising administering to said subject a therapeutically effective amount of a compound represented by Formula II:

or a pharmaceutically acceptable salt thereof.

Claims 17.-20. (Canceled).

21. (Original) The method of Claim 16, wherein the subject is a human.

Claims 22.-70. (Canceled)
